

Latex Certificate Course Instructions

Jacob Antony

February 13, 2021

1 Day 01 Exercise

1. Change the line “Your text goes here” into a comment.
2. Write some random sentences into the document.

2 Instructions Papeeria

Papeeria is an online solution with a free account with limited features (*Pricing Plan : Epsilon*). You will have to signup at ‘papeeria.com’ to create a folder in their computer. With a stable internet connection, you can edit tex file, generate and download pdf.

1. Browse ‘papeeria.com’
2. Sign in using Google Account
3. Go to ‘Dashboard’
4. Select ‘Projects – New’
5. Select ‘From git’
6. Repository URL : ‘https://github.com/jacobantony987/latex’
7. Name : latex
8. Public : Yes (and wait)
9. Branch : master
10. Select ‘Create’ (and wait)
11. Select ‘My projects – latex’
12. Select ‘day01.tex’
13. Select ‘compile’ (and wait)
14. Select ‘Save – Download file’
15. Submit ‘latex-day01.pdf’ in Google Classroom.
