Latex Certificate Course Instructions

Jacob Antony

September 5, 2020

Instructions

1. Open day04.tex using Verbtex

   (a) Download Daily Course Material and Assignment Instructions for Day 4 (day04.tex, asg04.pdf) from Google Classroom.

   (b) Open Internal storage/Android/data/verbosus.verbtex/files/Local/Latex Course/ Folder using File Manger Application.

   (c) Delete all files in ../Latex Course/ Folder.

   (d) Copy day04.tex file into Internal storage/Android/data/verbosus.verbtex/files/Local/Latex Course/ Folder.

   (e) Open Verbtex Application.

2. Exercise

   (a) Add another item at the end of enumerated list, called "Fourth item"

   (b) Add footnote "Assignment Day 4" to the "Fourth item"

   (c) Save day04.tex and Generate pdf.

3. Upload day04.tex, and Latex Course.pdf files into Google Classroom as your response to the assignment.

1 LaTeX Concepts

1.1 LaTeX Environments

- Environment `env` begins with \begin{`env`} Command.
  For example : \begin{document}

- Environment `env` ends with \end{`env`} Command.
  For example : \end{document}

1.2 List Environments

- There are three list environments : itemize, enumerate, description

- \begin{itemize} \item . . . \end{itemize}

- \begin{enumerate} \item . . . \end{enumerate}

- \begin{description} \item[`label`] . . . \end{description}

Nested Environments

- Inner environments should be ended before ending outer environments.

2 Bonus Material

- Try creating an enumerated list inside a bulleted list.

- Try creating an enumerated list inside another enumerated list.

- Try changing the bullet symbol of a bulleted list.

- Try changing the numbering style of an enumerated list into roman.
